#### \*\*\*\*\*COMMUNITY PRESENTATION POSTPONED\*\*\*\*\*

The Committee to Save St. Paul's has **postponed** the December 5 presentation of its proposal for redevelopment of St. Paul's School, which was to be held at Stewart School.

Since an interview date with the Board of Trustees subcommittee on St. Paul's has now been set for December 12, the Committee will continue to devote its time and energy to preparing for this important meeting. Following the submission of additional information on November 3, the Committee has been actively enhancing its response to the Village's Request for Proposal and addressing questions and further explanations requested by the Trustees and the Village's consultant.

The Committee looks forward to rescheduling a presentation when we can bring additional details to the community. [Please note: We were unable to pull an announcement of this meeting from this week's *Garden City Life*. Please disregard that article.]

You asked for it...and we're happy to bring you...**A peek inside St. Paul's**

When the "Families for St. Paul's" spread awareness of the Historic Building among soccer families at the fields in early fall, the volunteers had two display boards of interior photographs of the former school building — which is listed on the New York State and National Registers of Historic Places as a component of the "A.T. Stewart-era Thematic Group" and among the New York State Preservation League's 2003 "Seven to Save." The volunteers quickly found out that there are plenty of people in the Village who had never seen the beautiful interior features or the much-talked-about chapel.

So, to take a peek inside St. Paul's, log onto our website homepage, [www.savestpauls.org](http://www.savestpauls.org), and view our **NEW** slide show. All of the photographs were taken within the last year.

**Please write letters to Garden City Mayor Gerard Lundquist and the Village Trustees, and to Senator Kemp Hannon, to express your views. (Addresses on our website)**
