THE ST. PAUL'S SENTINEL

Honoring and preserving our community's heritage

A publication of the Committee to Save St. Paul's/St. Paul's Conservancy Corp., May 2, 2007

An Open Invitation To: All Garden City Residents

The Committee to Save St. Paul's requests the pleasure of your company at a gathering to introduce to you our development partner,

Paul Rabinovitch of Canus Corporation

Wednesday, May 16, 8 p.m. at the Garden City Casino

Here's your opportunity to hear about Canus Corporation's background and expertise, and the amplified details of our proposal, which include

- *Authentic Historic Preservation*
- *Solid Financial Backing [commitments from Morgan Stanley's Consortium Historic Equity Fund and Raymond James & Associates investment firm]*
- *No Additional Construction to obstruct the view of Historic St. Paul's*
- *Abundant Public Space*
- *Residential Apartments for Seniors.*

Don't miss this important event.

The proposal by the Committee to Save St. Paul's/Canus Corporation is the *People's Proposal*. It is crafted by numerous longtime leading residents and has the support of thousands of others. We believe it is the **ONLY** proposal that has a chance of obtaining the necessary home rule legislation and lifting of parkland restrictions. Questions from our guests will be addressed.

All are welcomed. Refreshments served.
